who are experiencing grief and  
loss due to substance use related  
death and disorders.***

# GRIEF AND SUBSTANCE USE DISORDER SUPPORTS AND RESOURCES

*Scan the QR code to  
view resources.*

**Grief Support Services Directory:** a comprehensive, online directory of the current clinical and non-clinical grief resources, services and supports available in Illinois.

**Online Resource Toolkits:** groups of resources, tools and activities that are gathered into kits based on the developmental age of the child, for helpers to use when working with children who have experienced grief related to SUD.

**“Threads of Hope” Training:** a 9-hour training that focuses on empowering professionals and natural helpers with essential skills to support families affected by substance use, mental health challenges, and grief and build effective networks of support.
